May 2021

EMPLOYMENT EXPERIENCE

Junior Full-Stack Drupal Developer

VERB Interactive – Halifax, NS | *April – Aug 2023*

- Integral to the development and optimization of Drupal websites during an internship at VERB Interactive.
- Worked collaboratively with a team to strategize, code, and successfully launch client projects, meeting tight deadlines.
- Contributed to API development, enhancing the functionality and integration capabilities of the websites.
- Conducted thorough cross-browser tests to ensure the robust functionality of Drupal modules.
- Utilized SCSS, Twig, and JavaScript to elevate website aesthetics and user experience by designing responsive Drupal themes.
- Actively engaged in weekly scrum sessions, providing insights and incorporating feedback to drive project excellence.

Assistant Food Truck Coordinator

Association for New Canadians – St. John's, NL | *May 2019 – Oct 2020*

- Integral member of the Global Eats team from the project's inception, contributing significantly to its development.
- Developed and honed project management skills, including effective communication, leadership, and negotiation.
- Played a key role in coordinating logistics, including supply procurement and maintenance of food truck equipment.
- Fostered a collaborative environment, leading to increased team efficiency and enhanced customer satisfaction.

Logic Tutor

Memorial University of Newfoundland and Labrador – St. John's, NL | *May 2019 – Oct 2020*

- Conducted one-on-one and group tutoring sessions for students in introductory and advanced logic courses.
- Assisted students in developing effective problem-solving strategies and analytical skills for logic and related philosophical subjects.
- Provided feedback and guidance on assignments and preparation for exams, leading to a marked improvement in student grades and comprehension.
- Coordinated scheduling and administrative duties, demonstrating strong organizational skills and attention to detail.
